Good morning Tom.

Attached is DEQ's letter summarizing our understanding of the outcome of the February 1, 2006 meeting between Siltronic, and EPA and DEQ. A signed hard copy will be mailed this week.

<<Lf-Siltronic-Feb1MtgSmry.doc>>

The letter also provides DEQ's general comments to the outfall pathway evaluation and, given that DEQ and NWNG have initiated discussions regarding source control, it discusses coordination of source control between NWNG and Siltronic.

Please feel free to contact me if you have questions regarding this e-mail and/or the attached letter.
